

User Story / Requirement ID	User Story/Requirement Under Test	
IM_FD1	As Iron Man Suit Pilot, I want that my air flaps have 0° to 85° degrees of opening for better flying control.	
Is it valid?		
YES		
If not valid, what is the new/Extra information from Marketing/Product Owner?		
Test Case ID	Test Case Name	
Test Case Steps		
Step Number	Step description	Expected Result
1	Initialize Iron Man suit.	Flaps set to initial position after coming out of suit.
2	Set flaps to 0 degrees.	Flaps should move and remain in 0 degrees.
3	Add 5 degrees to flaps.	Flaps should move and maintain the 5 degrees added.
4	Repeat step 3 until 85 degrees.	Flaps should move and maintain the 5 degrees added.
5	At 85 degrees, try adding more degrees.	The flaps do not move from 85 degrees.
6	Subtract 5 degrees to flaps.	Flaps should move and maintain the 5 degrees subtracted.
7	Repeat step 6 until reaching 0 degrees.	Flaps should move and maintain the 5 degrees subtracted.
8	At 0 degrees, try subtracting more degrees.	The flaps do not move from 0 degrees.
9	Turn off Iron Man suit	Flaps should get inside suit.
